

GOVERNMENT OF GOA

GOA COLLEGE OF ART

ALTINHO, PANAJI GOA

The Goa College of Art completes 50 years with the closing of this annual year 2022-23. It is a matter of pride and cause for jubilation.

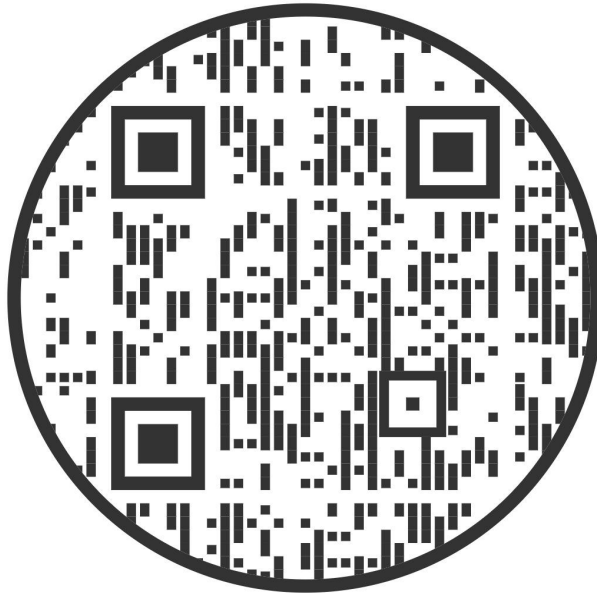

The journey has been long and fruitful with over 2200 students having successfully graduated from this institute. However, we do not have an official directory of alumni who have passed out from the college. Given the years since the first batch ventured into the professional domain in the year 1977, there are many who, today, have achieved success and recognition in their respective areas of expertise as artists and designers, in an extremely fast evolving creative industry.

And so, in this milestone year, we call upon all our alumni, from the very early years to the more recent graduates, to reach out and reconnect with your alma mater.

To make this task convenient for everyone, a Google Form has been generated and the link is posted on our college website, www.goacollegeofart.com.

Please fill in the form and submit/email it to gcaalumnidirectory@gmail.com.

Also, do share this with your batch mates on your own respective groups to enable maximum response. The success and prestige of an institution lies in the success and strength of its alumni and we hope to have you respond in equal measure and favor.
